Volume 65 Issue 5

District 6

To All Susquenango Members

Well, unfortunately we are still in the same "boat" as when I wrote to you last month. Our world has certainly been turned upside down, but it will get better. At least our marinas and boat ramps have opened up, or will be soon. Of course we will still have to practice social distancing and continue to be diligent about washing our hands and wearing our masks....as long as we can get out on the water, we can all deal with that.

As your commander, I have not been sitting idly by. We had a good 15 April Zoom meeting and enjoyed our virtual happy hour on 24 April. It was great "seeing" everyone who participated. We will once again do a Zoom meeting on 20 May at 1900 (7:00 pm). This is a general membership meeting and all are encouraged to attend. Invitations to join and instructions will be sent to all members.

On 2 May I joined a District 6 meeting with D/C Nancy Bieber, P, to discuss a matter of USPS importance. This week I submitted our forms to join the Boscov's (department store) Friends Helping Friends event which will be held on 14 October. For those not familiar with this fund raiser, Squadron members "sell" twenty five percent off shopping passes for \$5.00 and for each pass sold, the squadron gets to keep the \$5.00. It's an easy way to boost our coffers – everyone loves to shop!

We have received approval to use the Chenango Bridge Fire Department to hold our NOAA Weather presentation at a future date. This was originally to be held in conjunction with Safe Boating Week this month.

I continue to wish you all good health and smooth sailing as we take to the water. And remember... **"America's Boating Club... is YOUR Boating Club"**.
